

**REQUEST FOR PROPOSAL FOR THE FISCAL YEAR 2027**

FOR TOBACCO 6000 GRANT SERVICES

TO BE AWARDED BY THE NORTHERN MICHIGAN REGIONAL ENTITY

NMRE is making funding available for a Tobacco 6000 grant in the amount of \$6,000 via EGRAMS. This grant will run during the fiscal year FY2027. The project should address the use of Electronic Nicotine Delivery Systems (ENDS) and related consequences.

Allowable funding activity for FY2027 will include conducting an ad campaign (to be approved by NMRE prior to commencement) that includes ENDS /vapor products and aligns with the Youth Tobacco Act. Submission of the completed Tobacco 6000 Grant RFP and budget forms included with this notification are required for proposals to be considered.

This RFP is NOT a commitment to further pursue contractual arrangements with potential Providers responding to this solicitation. This RFP and application process will be used to determine what solicitation efforts will be necessary to make an informed decision regarding the procurement process for these grant funded services. If selected, you will be required to sign an agreement consistent with the services in your RFP submission.

Proposals are to be uploaded by 5pm, May 29, 2026 to the link [here](https://nmre.sharefile.com/r-r25f47d0edbac4b1abdb1690906a4c373), or longform URL here: <https://nmre.sharefile.com/r-r25f47d0edbac4b1abdb1690906a4c373>

Proposals will be submitted to the NMRE Board on July 22, 2026. Again, submissions must include the FY2027 Tobacco 6000 RFP and associated budget forms.

If you have any questions about his RFP, please contact Chris VanWagoner at [cvanwagoner@nmre.org](mailto:cvanwagoner@nmre.org).
